The allegation there is you told most ont to tell anyone what you had done or you would lose your job. Did you make that statement to her on one or more occasions? Yes. And presumably that is because you knew what you were doing was wrong? Yes. And presumably that was also because not only did you know what you were doing was wrong but you knew you would lose your job? Correct. And you knew it was against the criminal code in Wisconsin? Yes. All right. Next paragraph. There is an allegation that again, don't worry about the dates for a moment that she basically performed oral sex on you an estimated two dozen up to 50 times. I saw her in just her underwear because she I gave her a jail uniform, and before I could leave she took her pants off and threw her pants out, put the jail uniform on. Turn the page to page 13, still in Exhibit 11. It talks about the last incarceration period, and she again claimed she had sexual intercourse with you on two occasions. I assume your testimony is that did not occur? Correct. The next paragraph down talks about the final time of she alleges intercourse was in the bathroom in the X-room. Just for my interest of completeness, is that the same that's the exercise room? Correct. What sexual contact do you recall occurring with in that room?
